

WEED CONTROL

DuPont™ Plantex® Gold

Superior weed control even against tough weeds.

Plantex® Gold is a very strong weed control fabric for long lasting, highly effective and chemical-free weed control even against tough weeds such as couch grass, horsetail and bindweed. The bi-colored brown and black fabric allows air, water and nutrients to pass through, lets the soil and plant roots breathe while keeping the weeds underground. Plantex® Gold is ideal for application on slopes where it can be used covered as well as uncovered. The fabric is guaranteed to last up to 25 years* when covered properly with mulch or gravel. When used uncovered, it will last up to 3 years, depending on the UV exposure*.

**Visit our website for warranty terms and conditions*

Properties.

- Very strong and durable fabric
- A chemical free solution
- Easy and fast installation
- Raises quantity and quality of crops
- 100% polypropylene, thermally bonded product technology
- Controls soil erosion

KING RootBarrier is a trade name of RootBarrier B.V.

Technical data

Weight	125 g/m ²	EN ISO 9864
Thickness	0,45 mm	EN ISO 9863-1
Tensile strength	7,8 kN/m	EN ISO 10319
Elongation at break	60 %	EN ISO 10319
Tear resistance	300 N	ASTM D4533
Opening size O90W	0,125 mm	EN ISO 12956
Water permeability VIH50	60 mm/s	EN ISO 11058

The data are average values and indicative.

Dimensions

• 100 m:	100, 200, 400, 520 cm
• 50 m:	100, 200 cm
• 25 m:	100, 200 cm
• 10 m:	100 cm

Combine with

- RootBarrier® Pins
- DuPont™ Plantex® Bio Pins
- Pins PT200

In rare cases particularly aggressive weeds may still penetrate the fabric, even when the soil has been pre-treated. An anti-weed fabric can never guarantee 100% protection against weeds. Avoid any contact of the product with all types of pesticides, especially herbicides.
